Subject: Falcon Refinery (06MC) - Arsenic and Proposed Brief Meeting Today at 1:00 PM in the 10th Floor Graphics Room
Date: Tuesday, June 24, 2014 10:59:55 AM

FYI from Gary about arsenic and the Site.

Gloria as asked the Site team (Gary, Brian, Gloria, and Bob) to meet today in the Graphics Room to insure the team will be on the same page during tomorrow's 9:00 am meeting?
The meeting will be brief.

Arsenic could have been in the cooling water system of the refinery. Doubt that it has cause a wide spread plume which has impacted the somewhat remote dock area.
